PREMIUM TV FEET

INSTRUCTION MANUAL

YEA, THE BORING STUFF ... *but read it, so you don't jack things up!*

"sorry Jack"

Before starting assembly, verify all parts are included and undamaged. If any parts are missing or damaged, do not return the item to your dealer; contact the ECHOGEAR Pros. Never use damaged parts!

Please read through these instructions completely to be sure you're comfortable with this easy install process. Also check your TV owner's manual to see if there are any special requirements for mounting your TV.

If you do not understand these instructions or have doubts about the safety of the installation, assembly or use of this product, contact Customer Service (see PAGE 3):

⚠ CAUTION: Avoid potential personal injuries and property damage! Manufacturer is not responsible for damage or injury caused by incorrect assembly or use.

⚠ WARNING: Exceeding the weight capacity can result in serious personal injury or damage to equipment! It is the installer's responsibility to make sure the combined weight of the display plus accessories does not exceed 100 lbs. (45.3 kg). Use with heavier televisions may result in instability causing tip over resulting in death or serious injury!

⚠ WARNING: Use this mounting system only for its intended use as described in these instructions. Do not use attachments not recommended by the manufacturer.

⚠ WARNING: Death or serious injury may occur when children climb on audio and/or video equipment furniture. A remote control or toys placed on the furnishing may encourage a child to climb on the furnishing and as a result the furnishing may tip over onto the child.

⚠ WARNING: Relocating audio and/or video equipment to furniture not specifically designed to support audio and/or video equipment may result in death or serious injury due to the furnishing collapsing or overturning onto a child.

 **NOTE:** This product has no user serviceable parts.

**TV Weight Limit:
DO NOT EXCEED**

Tool Needed

Phillips Screwdriver

*"Give it back
to Phil when
you finish"*
